

The screenshot shows the USOCR application window. At the top, there are buttons for 'Search', 'Print', 'Preview', 'Queue', and 'Clear'. Below these, there is a 'DB:' dropdown menu set to 'USOCR'. To the right of the dropdown are two checkboxes: 'Paras' (checked) and 'Highlight all full terms in bold' (checked). Below the checkboxes, the text 'Default operator: OR' is visible. The main area of the window displays a scanned document. A section of the document is highlighted in black, containing the text: 'badge with (slide or sliding or slidable or retracted or retract or retracting)'. At the bottom of the window, there is a toolbar with icons for 'DBS Accts', 'PAR Exam', 'Index', 'Text', and 'Ltrns'.
